

# Every rupee your marketplace owes you. Found.

TruePayout explains every Meesho, Amazon and Flipkart payout, finds the missing money and writes the claim.

# Built by people who've spent years building e-commerce.

Founded by e-commerce builders with years of experience delivering online stores and marketplace operations for brands.

Built to make marketplace payouts clearer for Indian sellers.

# One payout. Hundreds of lines. No explanation.

A single bank credit can combine orders, returns, shipping, ads, penalties, recoveries and taxes.

When it lands short, finding the reason takes work.

Claim deadlines vary. Check the applicable marketplace policy.

# Small leaks. Every single payout.

-  Delivered but never paid
-  The same fee charged twice
-  Shipping at the wrong weight slab
-  Courier returns charged as customer returns
-  Payouts that land short in the bank

# Upload. Understand. Claim.

1. Upload the reports you already download.
2. Review the payout breakdown and differences ranked by evidence.
3. Copy a claim draft and track your follow-up.

# Honest, private and built for sellers.

**Honest:** differences need evidence and explanation.

**Private:** your file stays on your device. No marketplace passwords.

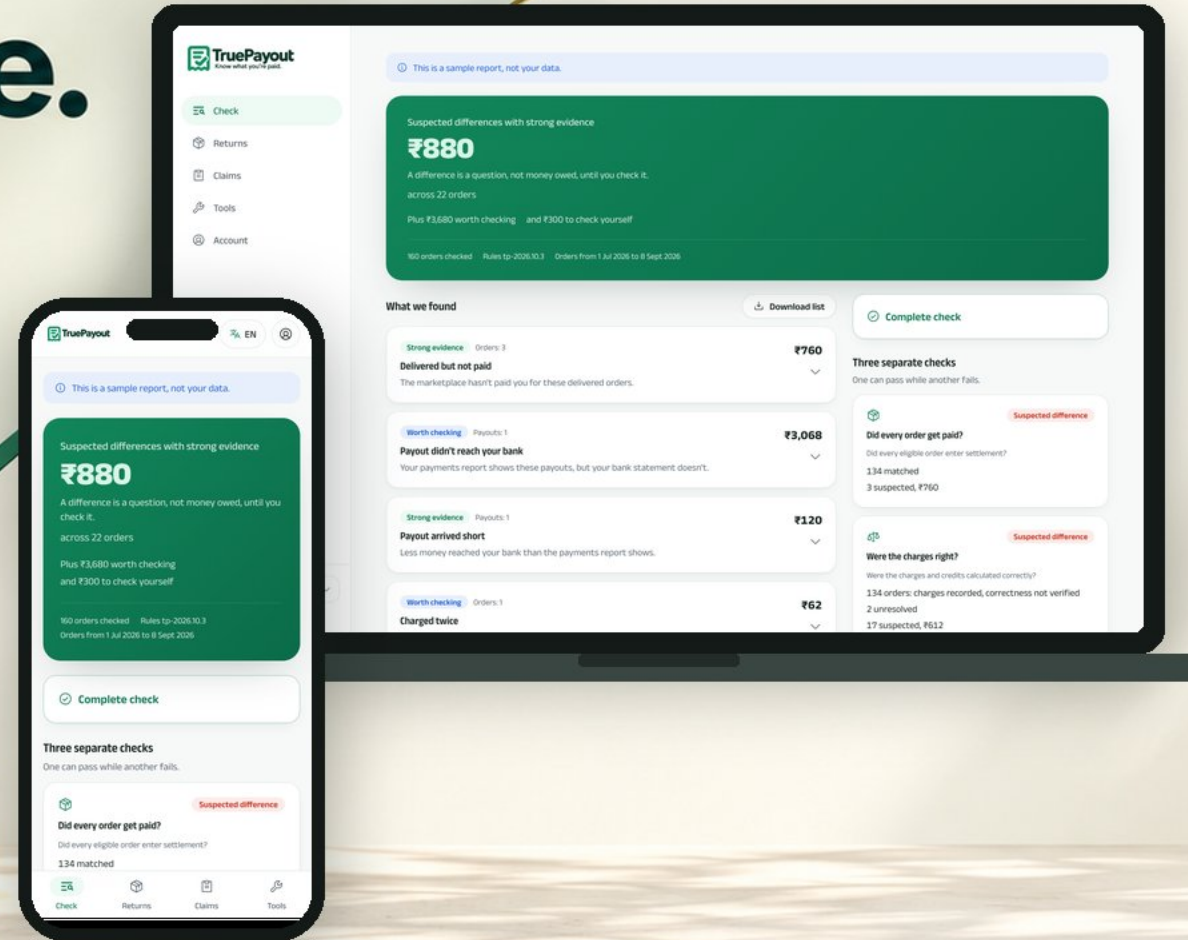

**In your language:** 8 Indian languages, phone first, installable.

**Fair price:** ₹499 a month. No recovery commission.

# Everything a seller needs after the sale.

- ✓ Payout check
- ✓ Claims tracker
- ✓ Return desk with barcode scan and unboxing video
- ✓ Label cropper
- ✓ Works on phone and laptop

# Live today. Simple pricing.

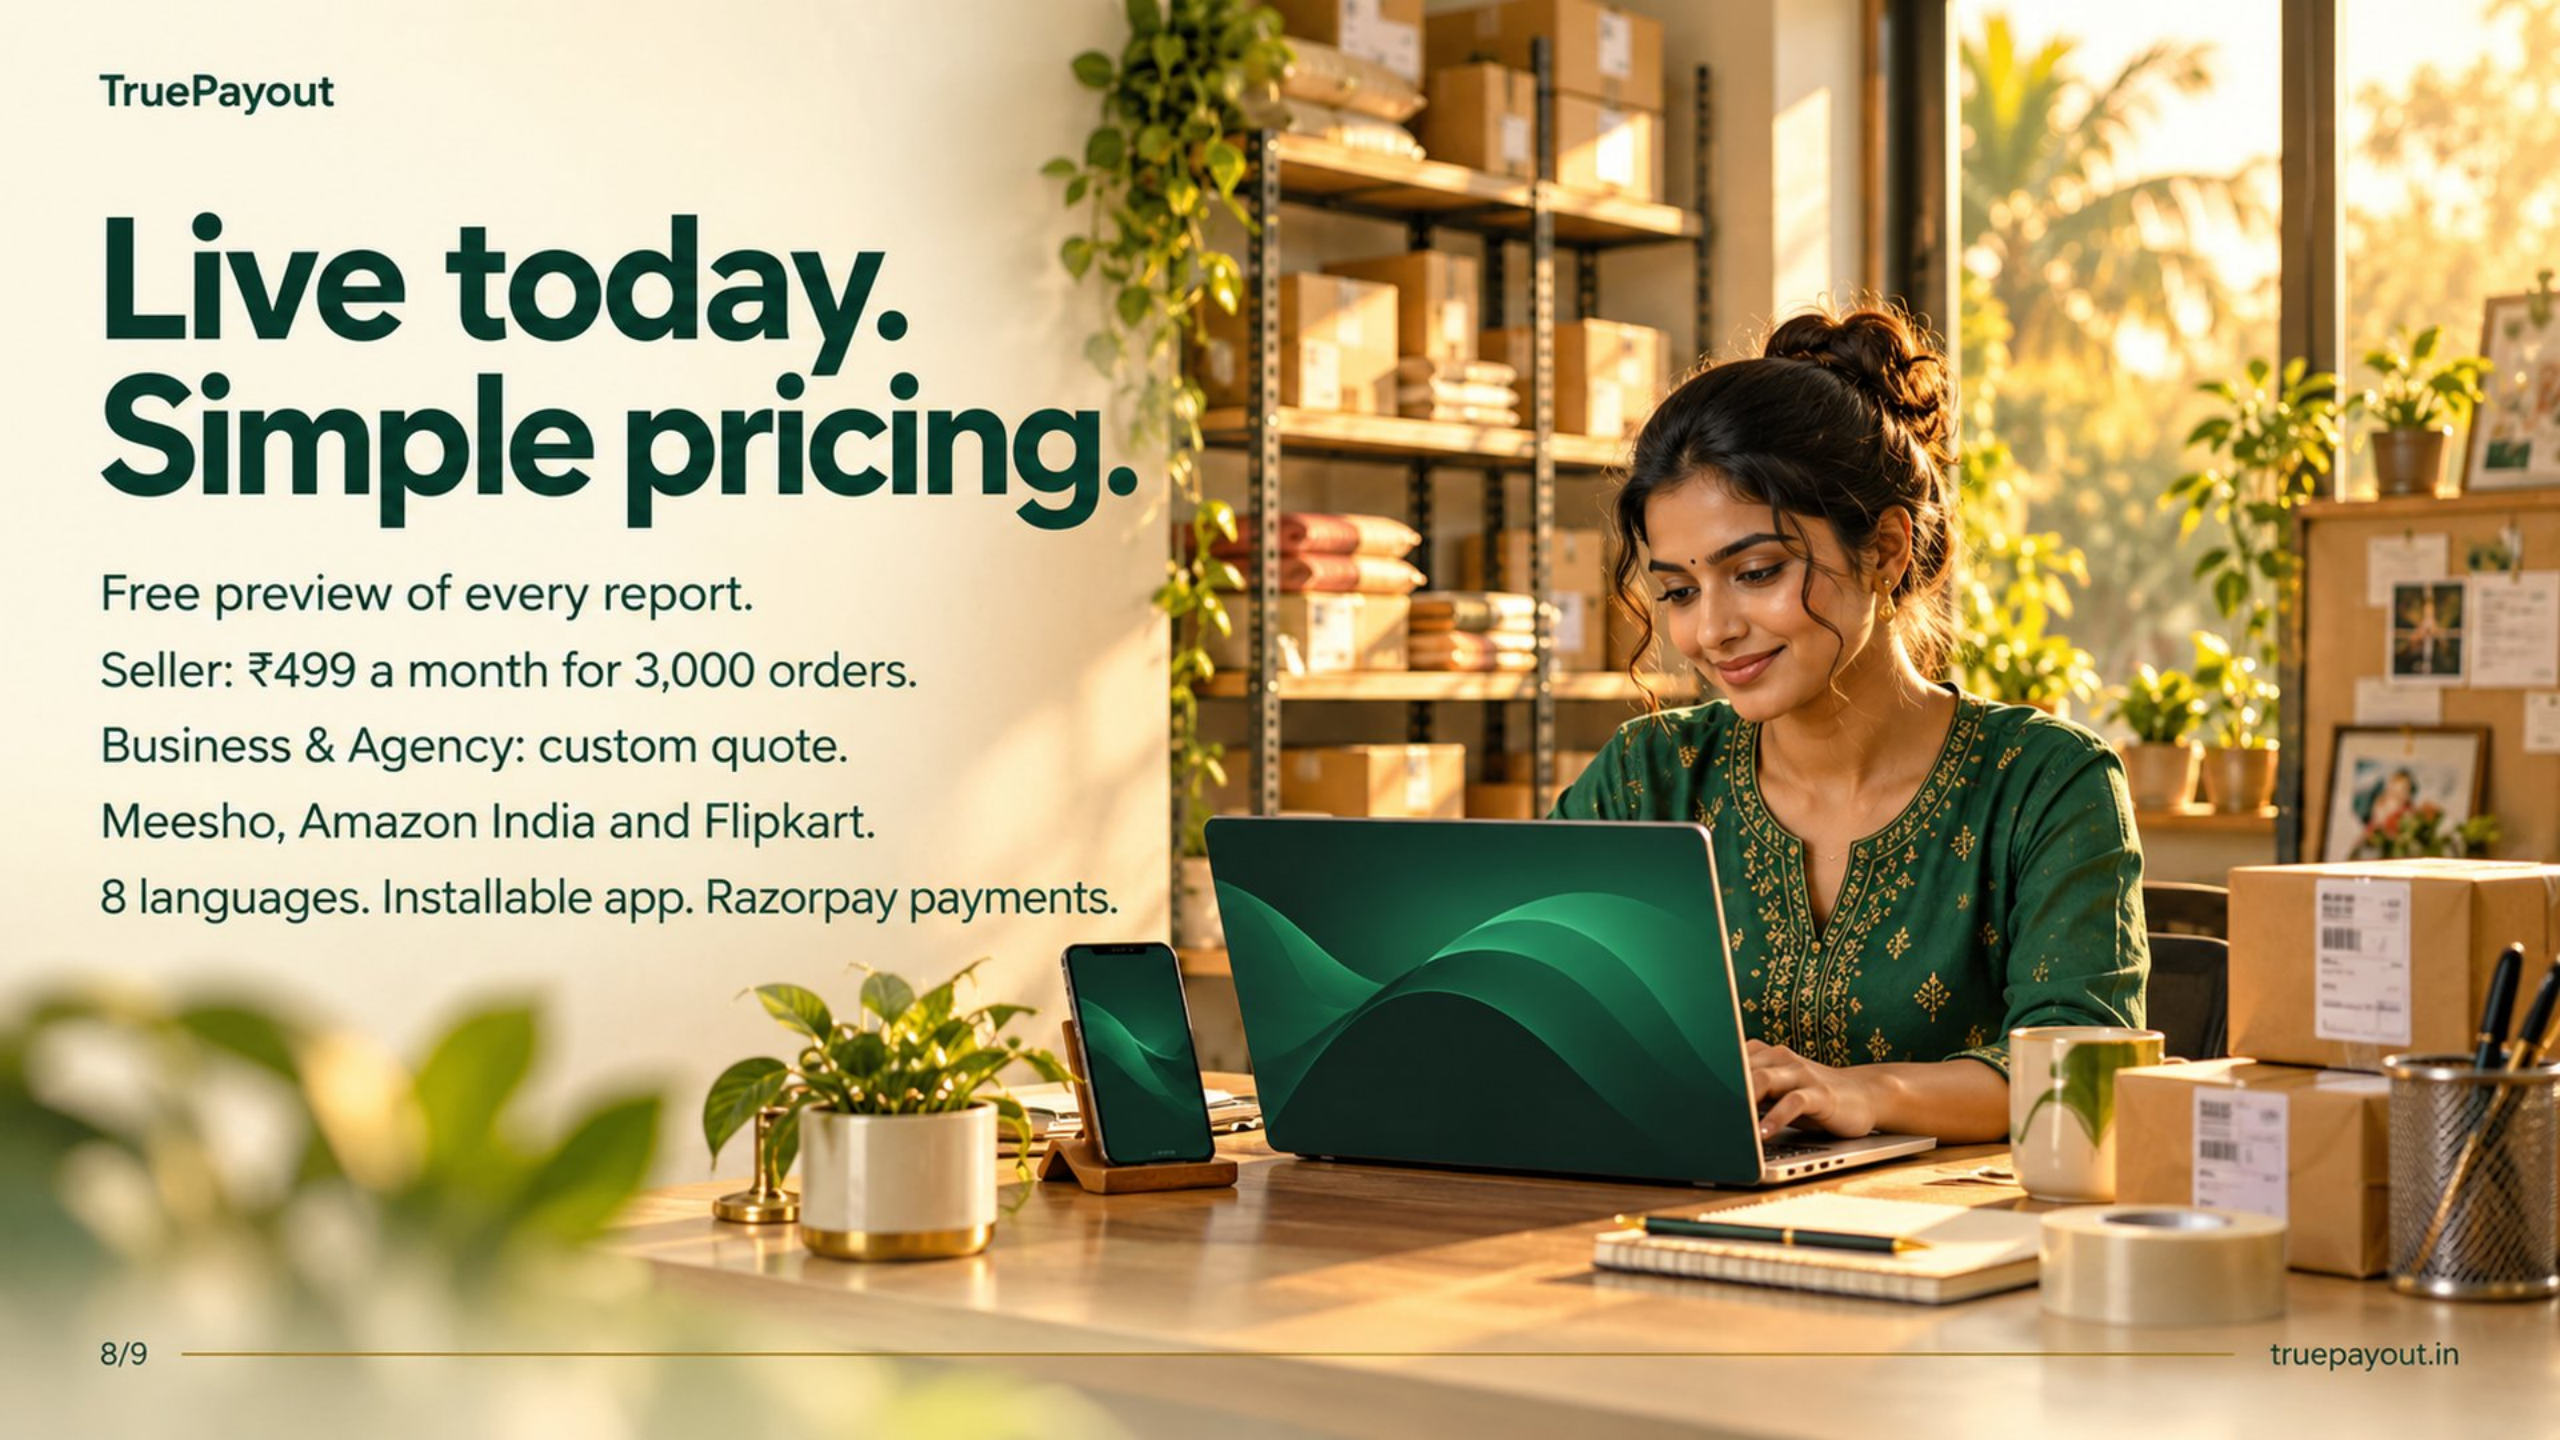

Free preview of every report.

Seller: ₹499 a month for 3,000 orders.

Business & Agency: custom quote.

Meesho, Amazon India and Flipkart.
